## AUTISM

### Maximum Benefit Limitations

Some Blue Cross policies do not cover Autism and some cover with different maximum benefit limitations. Prior to rendering services, always verify members' benefits through iLinkBlue to determine applicable benefits and any maximum benefit limitations.

### Authorization

**Authorization is required for Applied Behavioral Analysis services**, because the diagnosis and treatment of autism is considered a medical benefit.

### Filing Claims

- **For Blue Cross Members:** Blue Cross claims related to the diagnosis and treatment of autism are filed directly to Blue Cross for processing.
- **For HMO Louisiana Members:** HMO Louisiana group policies cover the diagnosis and treatment of autism as a medical benefit. Claims related to the diagnosis and treatment of autism should be submitted directly to Blue Cross for processing. Blue Cross will apply medically necessary claims toward the member's autism maximum benefit limitations, as applicable.

For claims filed with a secondary diagnosis of autism, Blue Cross will still apply benefits based on the primary diagnosis listed on the claim.

### Autism Services

We cover the diagnosis and treatment of autism on most policies.\* Authorizations are required for ABA services—all reviews and authorizations related to the diagnosis and treatment of autism are handled by New Directions.

Providers must submit an initial assessment request and treatment request form on the New Directions WebPass platform.

*\*Autism benefits do not apply for some individual policies and may vary for self-funded groups and BlueCard® members. Always verify members' benefits to determine applicable benefits and any maximum benefit limitations, through iLinkBlue.*

**Reminder:** Providers can electronically submit authorization requests for behavioral health services through iLinkBlue. Click on the "Authorizations" menu option, then choose "Behavioral Health Authorizations" to access the New Directions WebPass Portal.
