

Preventive Care Services | 2021

Accompanies Non-Grandfathered Health Plans

What kinds of preventive and wellness services are covered for you and your family at no out-of-pocket cost?

As part of the Patient Protection and Affordable Care Act, health insurers must cover some preventive and wellness care for health plan members with non-grandfathered insurance plans. Non-grandfathered plans are plans that began after the Patient Protection and Affordable Care Act was passed in March 2010.

To help you proactively maintain your health, the preventive services included in this brochure are available to you at no out-of-pocket cost (paid at first dollar) when performed by a network provider.

DISCLAIMER: The Preventive & Wellness benefits in effect are those required by state or federal law for your policy, at the time the services are rendered. To the extent this Preventive Care Services document conflicts with state or federal requirements, state and federal requirements control.

Preventive Benefits

We want to help you protect your health, and that starts with disease prevention and early detection. Preventive screenings are an important way to track your health.

If you use a provider in your network, you can receive certain routine preventive services at no extra cost to you. This means the visit is not subject to your annual deductible, copayment or coinsurance.

Here's how to prevent health problems and save money using your plan:

1. Get Preventive Care.

Follow this guide for how often and at what age you can get these types of care. If you use a provider in your network, you can get the preventive care listed in this guide at no extra cost to you. This means you may not have to pay out of pocket based on your plan, even if you have a deductible or other cost share.

2. See a Primary Care Provider Regularly.

Seeing a primary care provider regularly to stay ahead of health problems can help you save on health costs. You can get one physical exam per year **at no extra cost** with most plans. Log into your account at www.bcbsla.com to select a primary care provider.

More Tools for Good Health

- **Blue365®**

Get discounts for healthy living like sports clothing and shoes, diet programs, fitness trackers, hotels, help for senior care and more. Learn more at www.blue365deals.com/BCBSLA.

- **Fitness Your Way by Tivity Health**

Get discounts on gym memberships through this Blue365 deal.

- **Free Personal Health Assessment**

A free online health survey that shows any risks you may discuss with your doctor.

©Blue Cross and Blue Shield Association — All Rights Reserved. The Blue365 program is brought to you by the Blue Cross and Blue Shield Association. The Blue Cross and Blue Shield Association is an association of independent, locally operated Blue Cross and/or Blue Shield Companies. Blue Cross and Blue Shield of Louisiana is an independent licensee of the Blue Cross and Blue Shield Association.

Quality Blue Primary Care

We work with primary care doctors around the state to help you get the best care possible through a program called Quality Blue Primary Care.

If your plan has copayments for primary care office visits, you may be able to pay less when you visit a Quality Blue Primary Care doctor.

Look up your doctor's name in our directory at www.bcbsla.com/FindCare. Quality Blue primary care doctors have a blue  next to their names.

Learn more at wellness.bcbsla.com.

Services for Children *(You will pay \$0 for these services when received from a network provider.)*
