To Request Prior Authorization

Blue Cross does not accept authorization requests via phone or fax with the exception of transplants, dental services covered under medical and most out-of-state services. Providers must submit prior authorization requests, including new and extension authorizations, through our online BCBSLA Authorizations application. This application is available on iLinkBlue (www.bcbsla.com/ilinkblue), located under the "Authorizations" menu option.

* High-tech imaging & utilization management program services are authorized through the **Carelon MBM Provider Portal** by clicking the "Carelon Authorizations" link.

** Behavioral health services are authorized through the Lucet WebPass Portal by clicking the "Behavioral Health Authorizations" link.

For OGB members, failure to obtain prior authorization, when required, will result in the denial of payments for services. Full details are in our provider manuals, available at www.bcbsla.com/providers, then click on "Resources."

Inpatient and Emergency

The following inpatient and emergency admissions require authorization prior to the services being rendered:

- Hospital Admissions (except routine maternity stays***)
- Mental Health and Substance Use Disorder Admissions**
- Organ, Tissue and Bone Marrow Transplant Services
- Skilled Nursing Facility Services

***Maternity Admissions

Maternity admissions to in-network facilities (or out-of-network facilities if the member has out-of-network benefits) do not require authorization if the inpatient stay is 48 hours or less for vaginal delivery and 96 hours or less for caesarean section delivery. Inpatient services for newborn well-baby services are included in the mother's stay. However, authorization is required for inpatient sick-baby services.

The Pelican HRA 1000 includes an employer contribution of \$1,000 for employee-only plans and \$2,000 for family plans.
